**5 Reports from County and District Councillors**

Councillor Poulter provided a report that has been circulated.  
Councillor Reid's report had been circulated prior to the meeting. He confirmed that the number of confirmed cases of Covid-19 in Suffolk continues to rise. A new report has been issued by Government following the Prime Minister's announcement on Sunday 10 May. Ipswich Waterfront has been closed to vehicular traffic to enable easier access for exercising. There is a plan to divert cycleways over the next five years. A Trading Standards team is working on stopping scam activity during the pandemic. The Covid-19 testing site at Ipswich is providing one thousand tests a day, mobile testing units are coming online soon. In Suffolk PPE has never run out either in hospitals or care homes. Highways work is continuing with one thousand more potholes filled than last year. SCC Cabinet is meeting daily during the crisis. Councillor Reid was asked what was being done to stop day trippers arriving in the county. He advised that the recent guidance says that travel is only for essential journeys or exercise and there must be social distancing. He advised the police will be more visible and fines will be imposed. The clerk asked that Highways continue to monitor the central reservation at the Friday Street junction as the cutting cycle is only scheduled for twice in the season and this is insufficient to retain visibility at this dangerous junction. Recycling centres are due to be reopened this week but with an appointment system to avoid traffic congestion. Brown bins will start to be collected again from 25 May, users will be advised of details.

The Accounting Statement was approved unanimously.

**12 Items for future meetings**

There was concern raised about the possibility of the pig farm in Farnham being extended onto the land adjacent to the industrial estate which is high and adjoins a public footpath. The concern was that stripping the land of ground cover could lead to flooding of the industrial properties, footpath and adjoining residential properties. It was agreed that the situation should be monitored.

Date of next meeting 8 June, the clerk will issue a Zoom Outlook appointment nearer the time.

The meeting was closed at 20.07.
