3 Minutes of meetings held 9 and 30 November 2020

The minutes of the meetings were unanimously approved and will be signed by the chair.

The clerk thanked Councillor Reid for agreeing to having the drain cover outside Street Farm, Farnham mended.

With regard to the planning application discussed on 30 November SCC Highways have insisted on the access gates being set 5m from the highway and to open inwards to comply with road safety regulations. It was agreed that 5m is not enough for a vehicle and a trailer or horsebox, the clerk will write and make this point. It was also agreed that the clerk will write to the applicant and ask for the hedge fronting the road to be cut back as it is making the road narrow and cars moving across are causing the road to break up. There is also now no verge for pedestrians.

Councillor Tayler advised he had visited the allotments and agreed with the tenants that as the gate onto the road is not used it doesn't need remedial work at this time. Most of the plots are in good order with plans for those that are not.

4 Questions from the public

Mrs Ayres reported a road safety issue on the A12 approaching the entrance to Mollett's Farm. Since the road markings were altered to allow overtaking Mrs Ayres has experienced at least three near misses when a vehicle in the queue behind her has decided to overtake when she has been attempting to turn right into her driveway. Her view is that the double white lines should be extended on the northbound carriageway to cover the entrance to her property. It was agreed that the clerk will write to Councillor Reid to see if any remedial action can be taken.

5 Reports from County and District Councillors

Councillor Reid has provided a report which the clerk will circulate. He confirmed that talks are ongoing with government regarding funding for the proposed Sizewell C development, the government wants a few issues tightened up. SCC are retaining their robust position which may not reflect ESC's position. SCC is disappointed that EDF are not working more closely with Network Rail regarding a passing loop on the railway and that they are not interested in paying for it. They are also concerned about the weighbridge planned for the A1094, SCC had no prior knowledge of the planning application and consider it will cause more traffic on this road.

Councillor Norman advised that the service station in Stratford St Andrew has been sold to Ascona Retail.
